

# CALWEST RAIN

## RENTAL EQUIPMENT

### Pipe, Filters, Pumps & Gensets

We know that having all the right equipment on hand can be challenging. That's why we offer a full range of rental irrigation equipment, including pipe, filters, pumps, and generators for agricultural, construction and other industrial applications.

**Cal-West Rain, Inc.**

20935 Stockdale Highway, Bakersfield, CA 93314

Tel: 661-589-8800 • [www.calwestrain.com](http://www.calwestrain.com)

## Pipe Rentals

From aluminum sprinkler pipe to Certa-Set pipe, Cal-West Rain covers all the bases to tailor the right sprinkler system to maximize yields. Each option has its place in the irrigation world, depending on your crop and other conditions.

- Plant germination sprinkler systems create strong roots for seedlings.
- Frost control sprinkler systems protect your crop during severe conditions using an efficient and cost-effective method.
- Lateral and mainline sprinkler systems, plus fittings, valves, gaskets and sprinkler heads.

Call a Cal-West Rain rep today to see which options suit your needs best.

## Sand Media Filter Rentals

Sand media filters excel in all applications to remove harmful sediment and protect your irrigation system. These skid-mounted rental units filter up to 20 microns with 70 to 1,960 GPM flows and have operating pressures from 80 to 100 PSI.

Sand media filters, available with manual and automated backwash, can also be used as a pre-filter for your irrigation system.

Call a Cal-West Rain rep today to see which options suit your needs best.

## Pump Rentals

We offer professionally engineered, high-quality centrifugal pumps that deliver reliable and fuel-efficient operation.

Our portable booster pumps are used mainly for field irrigation systems or when high amounts of water need to be transported over closer distances.

Even under extreme conditions, these engine-driven pump packages are built for years of reliable operation.

## Generator Rentals

Our portable generators are used mainly to power electric pumps and equipment when utility power is unavailable. We primarily rent generators up to 1,000 kW, as well as related accessories (cables, spider boxes, circuit breakers, etc.).

- Reliable, fuel-efficient engines
- Large fuel tank to maximize run time
- Emergency stop switch included
- Voltage selector switch and multiple outlets
- On-highway legal trailer-mounted units

Call a Cal-West Rain rep today to see which options suit your needs best.

# AG IRRIGATION EXPERTS

Full Service Irrigation & Pump Dealer

## Turn-Key Irrigation Systems

- Row and field crop subsurface drip irrigation
- Orchard drip and micro irrigation
- Vineyard drip irrigation
- Reservoirs, pipelines and structures

## Design & Construction

- Irrigation Association™ certified designers
- Computer-aided design (CAD)
- In-house project management and installation

## Pumps & Pump Repair

- Pump installation and repair services
- Deep well vertical turbine pumps
- Short coupled turbine pumps
- Centrifugal booster pumps
- VFD installation and repair services
- In-house machine shop for repairs & rebuilds

## Electrical Services & Repair

- Electrical troubleshooting and repair
- New electric service installation
- Electric motor repair (vertical and horizontal)
- VFD installation and repair services

**TOP QUALITY BRANDS:** Netafim, Irritec, Fresno Valves & Castings, Bowsmith, Rivulis, Bermad, Nelson, Spears, Morrill Industries, Yardney, Lakos, Rainbird, WeatherTec, Seametrics, McCrometer, MicroRain, WiseConn, Sentek, Davis Instruments, Flowserve, Pentair, Peerless, Berkeley, Cornell, Schneider Electric, Yaskawa, US Motors, Siemens, Caterpillar, Cummins, John Deere and more.

## Filter Specialists

- Factory trained service technicians
- Filter flush valve repair and exchange program
- Repair of all makes and models
- Seasonal maintenance services

## Well Services & Repair

- Well development (1,000 HP+ capacity)
- Well video inspections
- Well rehabilitation services
- Pump testing and repairs

## Rental Equipment

- Aluminum pipe, gaskets and fittings
- Mainline and sprinkler pipe
- Sand media filter systems
- Booster pumps up to 3500 GPM
- Diesel generators up to 1000 kW

## Irrigation Automation

- System monitoring and control via automation
- Flow, pressure, weather and soil monitoring
- Automate reservoirs, pumps, valves, fertigation
- Design, installation, setup, and maintenance
