

PUMP SERVICES

FULL SERVICE PUMP & IRRIGATION DEALER

**CALWEST
RAIN**

LINE SHAFT TURBINES • SUBMERSIBLES • BOOSTERS

Water is the lifeblood of agriculture. Our goal is to supply you with the pumps, electrical equipment, and services to make the best use of that water — improve your yields, efficiency and the bottomline.

UNMATCHED EXPERTISE

Serving California Growers Since 1989

- Pump sales and repairs
- Pump testing and troubleshooting
- Pump hoist rigs (10 to 50 tons)
- Electrical service and installation
- Motors, electrical panels and VFDs
- Machining and fabrication shop
- Well development and rehabilitation
- Discharge and piping systems
- Filter systems (sand media, screen, etc.)
- Electricians, pipefitters and welders
- Concrete pads and pedestals

OUR PROCESS

Turnkey Projects from Start to Finish

1

Consultation

Discuss your pump requirements and concerns

2

Design/Troubleshooting

Our pump experts will design a pump system or troubleshoot and evaluate the existing pump

3

Inspection & Testing

Our experts will inspect and test your pump and well, which may include pulling the pump

4

Repair/Rebuild/New

Based on our findings, we will recommend next steps to address the problem or failure

5

Installation

Our experts will install the new or repaired pump per the project plan, including testing
