

# CALWEST RAIN

## IRRIGATION SYSTEMS

Design, Construction and Repair Services

Since 1989, Cal-West Rain has served the irrigation needs of the San Joaquin Valley and the Central Coast of California. We specialize in turn-key drip, micro, and subsurface irrigation systems for orchards, vineyards and row crops.

**Cal-West Rain, Inc.**

## Turn-Key Irrigation Systems

With over 30 years experience, each project is designed based on your unique requirements, including water availability, type of crop, application/use, and budget.

- Drip and micro irrigation for orchards
- Irrigation and frost protection for vineyards
- Subsurface drip irrigation for row and field crops
- Effluent subsurface drip irrigation for dairies
- Sand media and screen filter systems
- Reservoirs, pipelines, and structures
- Comprehensive pump and electrical services
- Irrigation automation, monitoring and control

## Design and Construction

Each project is designed and managed based on your unique requirements and timeline for completion using the highest quality products and workmanship.

- Knowledgeable & experienced design team
- GPS, Google Earth, and topographic mapping
- Computer-aided design (CAD)
- Product selection and comprehensive bill of materials
- In-house project management, construction, and installation services

## Pumps and Electrical

Unlike others, Cal-West Rain has extensive experience with pumps, motors and electrical equipment.

- Design and installation of deep well turbines, submersibles and booster pumps
- Pump installation, repairs and rebuilds
- VFD and electrical panel installation and repair
- Pump testing and troubleshooting
- Electric motor repair, rebuilds and replacement
- Design and fabrication of custom discharge lines and pipelines
- In-house machine shop for responsive pump repairs, rebuilds and custom fabrication

## Maintenance & Repair

Not only do we design and install turn-key irrigation systems, but we also troubleshoot, repair, and maintain entire systems

- Factory-trained and certified technicians
- Pump and pipeline repair services
- Filter system maintenance and repair
- Electrical motor and panel repair
- Rental pipe and filter systems
- System start-ups and shutdowns
- Full-service parts departments stocked with the leading brands

# AG IRRIGATION EXPERTS

Full Service Irrigation & Pump Dealer

**CALWEST  
RAIN**

## Turn-Key Irrigation Systems

- Row and field crop subsurface drip irrigation
- Orchard drip and micro irrigation
- Vineyard drip irrigation
- Reservoirs, pipelines and structures

## Design & Construction

- Irrigation Association™ certified designers
- Computer-aided design (CAD)
- In-house project management and installation

## Pumps & Pump Repair

- Pump installation and repair services
- Deep well vertical turbine pumps
- Short coupled turbine pumps
- Centrifugal booster pumps
- VFD installation and repair services
- In-house machine shop for repairs & rebuilds

## Electrical Services & Repair

- Electrical troubleshooting and repair
- New electric service installation
- Electric motor repair (vertical and horizontal)
- VFD installation and repair services

## Filter Specialists

- Factory trained service technicians
- Filter flush valve repair and exchange program
- Repair of all makes and models
- Seasonal maintenance services

## Well Services & Repair

- Well development (1,000 HP+ capacity)
- Well video inspections
- Well rehabilitation services
- Pump testing and repairs

## Rental Equipment

- Aluminum pipe, fittings and gaskets
- Mainline and sprinkler pipe
- Sand media filter systems
- Booster pumps up to 3500 GPM
- Diesel generators up to 1,000 kW

## Irrigation Automation

- System monitoring and control via automation
- Flow, pressure, weather and soil monitoring
- Automate reservoirs, pumps, valves, fertigation
- Design, installation, setup, and maintenance
